

Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 24 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:

A cloudy start, then warm sunny spells developing. Windy.

Today:

A cloudy and damp start, with some patchy light rain and drizzle at times, mainly over western hills. However, there will be some warm sunny spells developing in the east by the afternoon. Windy and locally gusty at times. Maximum temperature 21 deg C (70 deg F).

Tonight:

Low cloud will drift in from the west to bring some light rain and drizzle at times, mainly on the hills. Some clear spells in the far northeast. Winds easing. Minimum temperature 12 deg C (54 deg F).

Saturday:

Cloudy with some light rain and drizzle at times, mainly on western hills. The cloud will break up to give some warm sunny spells in the east by the afternoon. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:

Dry with warm sunny spells Sunday. A band of rain, locally heavy, clearing east overnight into Monday, with brighter, cooler and showery conditions following. Sunshine and heavy showers on Tuesday.
